The LLS Student Series is a service learning, character education and philanthropy program where students gain the unique experience of helping thousands of children and adults in their fight against blood cancers like leukemia. As children move through their years at school, they can grow with the Student Series and have an even greater impact on the lives of patients. The core program consists of collecting money over a three-week period. LLS provides everything your school needs. There are also additional ideas and programs for each school level.

28,000+ schools participate

14.5 million students from elementary through high school

3 weeks to raise funds and awareness

$288 million+ raised by students since 1993

$1 billion invested in lifesaving treatments, thanks to the support of Student Series Programs and other LLS fundraising programs.

fact: LLS-funded research has led to many of today’s most promising advances, including targeted therapies and immunotherapies. LLS exists to find cures for blood cancers not someday, but today.
