

**Title of program:** AML Strategies: Decision-making at Each Point in Care

**Topic:** Acute Myeloid Leukemia: Decision-making Steps in Treatment

**Description:** This education will provide members of the multidisciplinary cancer care team with the latest information to improve their knowledge and confidence in the diagnosis and treatment of AML through interactive online activities. Topics in this module include choosing the appropriate tests to diagnose AML, identifying therapeutic options for management based on the results of diagnostic tests, monitoring patients for adverse events, and how to develop an individualized treatment plan.

**Learning Objectives:**

*Upon completion of the activity, participants should be able to do the following:*

- Choose appropriate tests to diagnose AML
- Review therapeutic options for management of AML
- Establish an appropriate sequence of therapies
- Monitor patients for adverse events associated with treatment and manage accordingly

**Steering Committee/Faculty:**

- Jessica Altman, MD (Faculty Advisor and Chair)  
Professor of Medicine  
Hematology Oncology Division  
Feinberg School of Medicine  
Robert H. Lurie Comprehensive Cancer Center  
Northwestern University  
Chicago, IL
- Tara L Lin, MD  
Director, Acute Leukemia Program  
Professor of Internal Medicine  
Division of Hematologic Malignancies & Cellular Therapeutics  
University of Kansas Cancer Center  
Kansas City, KS
- Angela O Hatcher, PA-C, MPH  
Physician Assistant,  
Hematology/Leukemia  
Winship Cancer Institute of Emory University  
Atlanta, GA

**Continuing Education Language:**

**ACCREDITATION STATEMENT**

The American Society of Hematology (ASH) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

## **CREDIT DESIGNATION**

### **Physicians**

ASH designates this enduring activity for a maximum of 1.0 *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### **Maintenance of Certification**

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 1.0 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

### **Nurses**

Nurses who are certified by the American Nurses Credentialing Center (ANCC) may utilize activities that are certified by ACCME-accredited providers toward their requirement for certification renewal by the ANCC. A certificate of attendance will be provided by The American Society of Hematology, an ACCME accredited provider.
