

Title of program: AML Strategies: Decision-making at Each Point in Care

Topic: Challenging Patient Cases in Acute Myeloid Leukemia

Description: This education will provide members of the multidisciplinary cancer care team with the latest information to improve their knowledge and confidence in the diagnosis and treatment of AML through interactive online activities. This module explores two challenging case studies and discusses the management of patients with refractory and relapsed AML and those that may be eligible for transplant.

Learning Objectives:

Upon completion of the activity, participants should be able to do the following:

- Choose appropriate tests to diagnose AML
- Review therapeutic options for the management of AML
- Establish an appropriate sequence of therapies
- Manage relapsed and refractory AML
- Identify appropriate patients for transplantation
- Monitor patients for adverse events associated with treatment and manage accordingly

Steering Committee/Faculty:

- Jessica Altman, MD (Faculty Advisor and Chair)
Professor of Medicine
Hematology Oncology Division
Feinberg School of Medicine
Robert H. Lurie Comprehensive Cancer Center
Northwestern University
Chicago, IL
- Uma Borate, MD, MS
Clinical Associate Professor
Division of Hematology
The Ohio State University Comprehensive Cancer Center
Columbus, OH
- Jennie Goble, PA-C
Instructor of Medicine
Division of Hematology
Mayo Clinic
Rochester, MN

Continuing Education Language:

ACCREDITATION STATEMENT

The American Society of Hematology (ASH) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION

Physicians

ASH designates this enduring activity for a maximum of 1.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Maintenance of Certification

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 1.0 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Nurses

Nurses who are certified by the American Nurses Credentialing Center (ANCC) may utilize activities that are certified by ACCME-accredited providers toward their requirement for certification renewal by the ANCC. A certificate of attendance will be provided by The American Society of Hematology, an ACCME accredited provider.
