

COVID-19 VACCINATION SCHEDULE FOR MODERATELY TO SEVERELY IMMUNOCOMPROMISED PATIENTS

Includes blood cancer patients and most survivors*

Pfizer (mRNA)

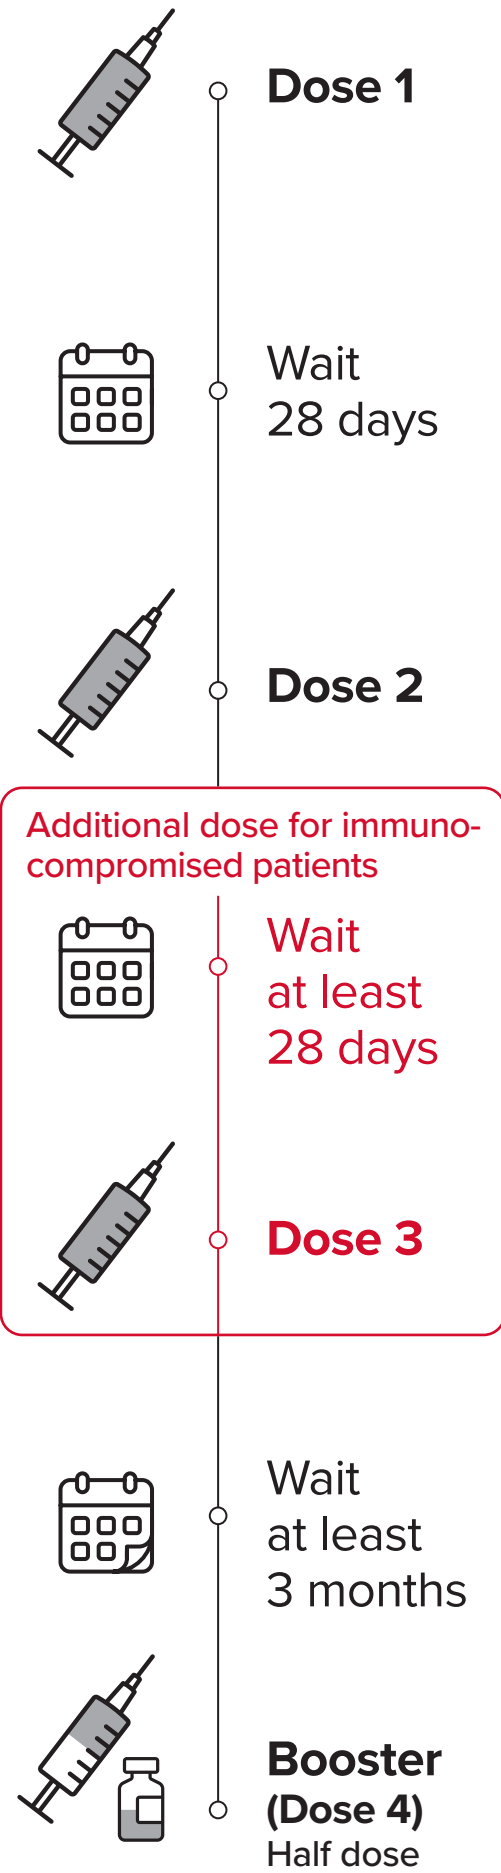

For ages 5 and up

People 12+ may choose to receive a second booster (**Dose 5**) if it has been at least 4 months after the first booster dose.

Moderna (mRNA)

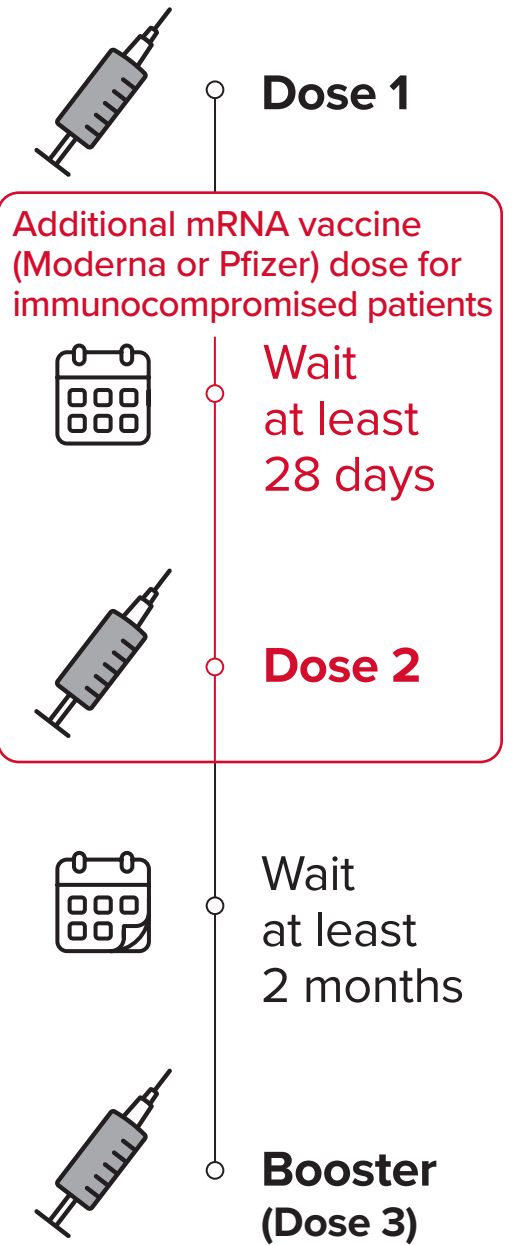

For ages 18 and up

People 12+ may choose to receive a second booster (**Dose 5**) if it has been at least 4 months after the first booster dose. For those 12-17, only Pfizer-BioNTech vaccine can be used.

Johnson & Johnson

For ages 18 and up

People 12+ may choose to receive a second booster (**Dose 4**) if it has been at least 4 months after the first booster dose. For those 12-17, only Pfizer-BioNTech vaccine can be used. For those 18+, either Pfizer-BioNTech or Moderna can be used.

Moderna boosters are a half-dose; Pfizer boosters are a regular dose.

Children 5-11 years should not receive a booster dose at this time.

Get vaccinated as recommended even if you had COVID-19

Keep practicing social distancing and masking

*Talk to your healthcare team if unsure of your risk
