

LLS Community Guide: Privacy Settings

1. Click on the gear icon next to your Display name
2. Click on Privacy settings in pop up window
3. Click on the account type which you prefer
4. Click on the setting you prefer for each data point listed. Data includes profile identifying information.
5. For each setting, choose one of the following:
 - LLS Community Researchers-this will only be LLS staff (data not shown on site, not visible to other members)
 - Friends and LLS Community Researchers (LLS staff only) (data visible only to Friends on site and LLS staff)
 - Everyone (data visible to all LLS Community users)
6. Click red **Save Privacy settings** button. Your Privacy settings can be changed at any time.
