Questions of the Day that you have not answered will show at the top of your Home page feed. Once you respond, you will be able to see comments from and the response rates of other members. Your completed Questions of the Day will move down the Home page timeline based on when the most recent responses/comments were made.

1. Below the Question, click on your answer.
2. Click "**Answer and Join the Discussion**" to submit your response.
3. To Comment on a Question of the Day in addition to checking an answer, click on the word **Comments** below the question
4. You can see previous Questions of the Day by clicking the **Questions** tab at the top of the Home page.

In order to see the response rates and comments, you are required to answer the Question of the Day. However, you are not required to comment on Questions of the Day.
