

LLS Community Guide: What is that gear symbol?

While logged in, you will notice a small gear symbol to the right of your display name. This allows you to manage all features related to your profile on Community.

- **Conversations** - you will be able to view all conversations you have had privately with other group members
- **Friend Requests** - you will be able to view any pending friend requests
- **Friends** - you will be able to review a list of your current friends
- **Edit profile** - you will be able to make any changes to your profile including adding story and pictures, managing notification settings, and adding or changing profile information
- **Privacy Settings** - you can view your account type and select who can view each component of your profile
- **Sign out** - you can sign out of Community and return to the login page
