

IN GRATITUDE

2020
ANNUAL
REPORT

IN GRATITUDE

Our unstoppable impact could not have happened without the generosity of donors, volunteers, researchers, healthcare professionals, foundations, partners, sponsors, and philanthropic leaders across the country.

At The Leukemia & Lymphoma Society (LLS), our gratitude runs deep to all of our supporters, whose dedication, resilience, and compassion remained steadfast in the face of unprecedented challenges.

Your support fueled our mission at a critical time. In fact, you made world-class research, free education and support, and bold advocacy endeavors possible when patients and families needed our help most.

On behalf of all of us at LLS, thank you for all you do to make a difference in the lives of patients and families. Together, we are an unstoppable force in the fight to end blood cancers. And with your help, we know we can achieve even more impact next year.

Thank you for being part of our 2020 story.

RESEARCH GRANTS

Specialized Center of Research

The Specialized Center of Research Program funds multidisciplinary research by teams of leading-edge academic investigators that hastens the discovery and development of better treatments for leukemia, lymphoma and myeloma patients. A center is comprised of at least three independent research programs that are integrated and supported by scientific core laboratories.

John Cleveland, PhD, 2019**
H. Lee Moffitt Cancer Center & Research Institute

Madhav Dhodapkar, MBBS, 2020
Emory University
Dr. Madhav Dhodapkar is funded in part by a donation from The LIUNA Charitable Foundation.

Helen Heslop, MD, 2019
Baylor College of Medicine

Craig Jordan, PhD, 2019
University of Colorado Denver,
Anschutz Medical Campus
Dr. Craig Jordan is jointly funded by the University of Colorado Denver, Anschutz Medical Campus.

Career Development Program Achievement Awards

The Career Development Program (CDP) supports early career scientists and physician-scientists who are pursuing a career in blood cancer research. At the end of their funding period, awardees are evaluated for their most important contributions to the field, and those with the most impactful research are given a CDP Achievement Award (CAA).
