CLINICAL TRIAL SUPPORT CENTER

Patients and caregivers can work one-on-one with The Leukemia & Lymphoma Society's (LLS) Clinical Trial Nurse Navigators who provide personal assistance throughout the entire clinical trial process.

- Nurse Navigators help patients understand and identify clinical trials and connect with clinical trial sites.
- Nurse navigators are specially trained in blood cancers, clinical trials, and patient education/support.
- Patients are provided with a list of appropriate clinical trials to discuss with their treating physician.
- Patients have direct access to their LLS Clinical Trial Nurse Navigator for the duration of their search, the enrollment process, and while on a trial.

TO ACCESS THIS SERVICE:

Contact an LLS Information Specialist and state that you are seeking help with clinical trials:

- Call: **800.955.4572**
Monday to Friday, 9 am to 9 pm ET
- Website: **www.LLS.org/CTSC**
- Chat live online:
www.LLS.org/InformationSpecialists
Monday to Friday, 10 am to 7 pm ET
- Email: **infocenter@lls.org**

**BEATING
CANCER
IS IN
OUR BLOOD.**

The mission of The Leukemia & Lymphoma Society (LLS) is to cure leukemia, lymphoma, Hodgkin's disease and myeloma, and improve the quality of life of patients and their families. Find out more at **www.LLS.org**.
