

## Patient Education

# Meet the Doctors: An Educational Program for Patients & Caregivers

Hilton Omaha – St. Nicholas Room  
1001 Cass St., Omaha, NE 68102

### Program

The Leukemia & Lymphoma Society is pleased to invite you to our 11<sup>th</sup> annual Meet the Doctors patient education program. Please join us to learn about each of these medical conditions and diseases, how they are diagnosed, classified and staged, new and emerging treatments, including clinical trials, survivorship issues, such as the range of feelings that accompany a cancer diagnosis and coping strategies. We will also discuss support resources available at your local cancer center and nationally through LLS. Our goal is that you will feel better prepared to discuss your diagnosis, subtype and treatment with your oncology team, family and friends. Please invite your caregiver and family members to join us.
