

Meet Kohen: Our February Honored Hero

Kohen is currently a second grader in Sioux City, IA, and a survivor of Acute Lymphoblastic Leukemia. He is the youngest in his family and loves doing things like swimming, playing T-Ball, and also Taekwondo! Like most kids, some of Kohen's favorite foods are French fries and milkshakes, and he wants to be a weather man when he grows up.

Kohen has been cancer free for three years. He is a very strong little guy who always has a smile on his face! Kohen was also born with Down syndrome which causes some physical and developmental delays, but he is really much more alike than different among his friends. He continues to be a huge inspiration to others - to never give up!

Kohen: Sioux City, IA
